

Once the float has reached the parade finish:

- Vehicle will come to a complete stop to allow participants to unload in the unloading zone (if you are part of an elementary group, please keep reading for your unloading directions).
- Walking groups and participants that have exited the float will use the sidewalk to make their way to the pep-rally entrance by the South endzone.
- VRHS/and Middle School vehicles may re-enter the float staging area to clean off their floats, or they may continue toward the exit on Gupton Way after students have unloaded.
- Elementary floats/groups will continue to the designated lot southwest of the pep-rally entrance. Parents will meet their students at this location.
